

IS YOUR CHILD 7-8 or 11-12 YEARS OLD?

Your child may qualify for a University of Iowa study in Cedar Rapids!

The Growing Words Project studies language and reading development in children!

Our lab is located in Cedar Rapids on Center Point Road.

We are open **evenings and weekends** to accommodate work and school schedules.

Your child will complete one session between 1 and 1.5 hours long in our lab.

We have safety protocols in place (cleaning, social distancing, and masks) to help protect your child and family.

We offer **compensation and prizes!**

Compensation

- \$15-23 (1-1.5 hours at \$15/hour)

Who is eligible?

- 7-8 or 11-12 years old
- Normal hearing
- Normal or corrected vision (glasses/contacts are ok!)
- English is the only language they speak fluently
- This is a new study— so even if your child has done a study with our lab in the past, please contact us as they may be able to do this one as well!
