

TECH TREK

THE IOWA
CHILDREN'S
MUSEUM

BYTE-SIZED ADVENTURES BEYOND THE SCREEN

Let's explore the basics of coding, digital design, and tech-based careers! This drop-off program goes beyond the screen to provide hands-on learning and fun.

WHO: Children in Grades 3-6

WHAT: Build a robot that can navigate a maze. Bring stop-motion characters to life. Watch items appear before your eyes in a 3D printer. Tech Trek provides hands-on opportunities to learn about coding, digital design, and tech careers.

WHEN: Each session is 4 weeks long and meets on Monday and Wednesday afternoons from 3:30 to 5:30 pm.

- Session 1: October 4 - 27
- Session 2: November 1 - 24

COST: \$240 for a 4-week session
